EMA MEMBER BENEFITS (Why Join?)

The EMA has a 25 year long history of serving the regional electronics industry.

The mission of the EMA is to promote the growth and quality of small and medium sized high technology manufacturers in Oregon, Washington, and Idaho

EDUCATION & NETWORKING

*It's not just what you know, it's who you know.
At the EMA, it's both ...*

Our EMA members are a wellspring of high-level experience and knowledge. As a member of the EMA, you can connect with professionals like yourself and leverage those relationships to improve the development of your business and/or career.

Seminars: High quality education focused on the challenges our members face within the growth of their businesses and professional careers has been a hallmark of the EMA.

Previous topics have included: ITAR basic and advanced; Halogen free board assembly –RoHS; Understanding How to Meet Environmental Testing in the 21st Century; Reducing Manufacturing Expenses Through Energy Efficiency; Protecting Your Intellectual Property; Leveraging LinkedIn to Grow Your Business.

OctoberBest Northwest Design & Manufacturing EXPO:

Since 1999 this EMA sponsored event has been the premier gathering for local companies and professionals involved in high technology manufacturing, design, testing, and development to network and learn about new products, services, and emerging trends.

EMA members receive discounts on attendance, seminars, and/or exhibiting.

Plant Tours: Visit local area manufacturers and witness first hand industry best practices.

Previous Plant Tours have included: SolarWorld, Rodgers Instruments, Biamp Systems.

RESOURCES & SERVICES

The EMA provides for its members business services and solutions that help manufacturers grow revenues, increase profitability, and develop employees.

Workforce Development: Through our Strategic Partnership with Business Education Compact, EMA members can access:

- An end-to-end delivery system of qualified interns with needed skill sets to meet your workforce needs.

Business Savings: Reduce costs of doing business by taking advantage of EMA member discounts.

- Discount shipping: Earn up to 70% savings on freight with FedEx, UPS, YRC through our special EMA program.

BUSINESS DEVELOPMENT

- EMA Online Buyers Guide: Gain new customers because of your increased visibility to major search engines (e.g., Google).
- CEO Connect: Peer to peer, learn from others who walk in your shoes, support one another in what can sometimes be a lonely endeavor.
- Business Promotion
- Participation in National Engineers Month
- PR opportunities: (e.g., KPAM)
- Promote your company free through our EMA email newsletter and website, Member News (e.g., new hires, new products).
